Introductory statement

The Data Protection Policy of Lycée Français d'Irlande (also referred to in this policy as “the school”) applies to the personal data held by the school protected by the General Data Protection Regulation 2016/679 (referred to as “GDPR”).

The policy applies to all school staff, the Board of Management, parents/guardians, students and others (including prospective or potential students and their parents/guardians and applicants for staff positions within the school) insofar as the measures under the policy relate to them. Data will be stored securely, so that confidential information is protected in compliance with relevant legislation. This policy sets out the manner in which personal data and sensitive personal data will be collected, processed, stored and protected by the school.

Data Protection Principles

The school is a data controller of personal data relating to its past, present and future staff, students, parents/guardians and other members of the school community. The school is obliged to comply with the principles of data protection set out in GDPR which can be summarised as follows:

- To obtain and process personal data fairly, lawfully and in a transparent manner: information on students is gathered with the help of parents/guardians and staff, and is also transferred from their previous schools. In relation to information the school holds on other individuals (members of staff, individuals applying for positions within the school, parents/guardians of students etc.), the information is generally furnished by the individuals themselves with full and informed consent and compiled during the course of their employment or contact with the school. All such data is treated in accordance with data protection law and the terms of this Data Protection Policy. The information will be obtained and processed fairly.
- To collect personal data for one or more specified, explicit and legitimate purpose: the school informs individuals of the reasons for collecting their data and will inform individuals of the uses to which their data will be put. All information is kept with the best interest of the individual in mind at all times.
- To process personal only in ways compatible with the purposes for which it was given initially: data relating to individuals will only be processed in a manner consistent with the purposes for which it was gathered. Information will only be disclosed on a need to know basis, and access to it will be strictly controlled.
- To ensure that personal data is adequate, relevant and limited to what is necessary: only the necessary amount of information required to provide an adequate service will be gathered and stored.
- To keep personal data accurate, complete and up-to-date: students, parents/guardians, and/or staff should inform the school of any change that the school should make to their personal data and/or sensitive personal data to ensure that the data is accurate, complete and up-to-date. Once informed, the school will make all necessary changes to the relevant records. The Principal may delegate such updates/amendments to another member of staff. However, records must not be altered or destroyed without proper authorisation. If alteration/correction is required, then a note of such authorisation and the alteration(s) to be made to any original record/documentation will be dated and signed by the person making that change.

- To keep personal data in a form which permits identification of data subjects for no longer than is necessary for the purposes for which the information is processed: as a general rule, the information will be kept for the duration of the individual's time in the school. Thereafter, the school will comply with the school's Records Retention Policy on the storage of personal data and sensitive personal data relating to a student. In the case of members of staff, the school will comply with the requirements of the Revenue Commissioners with regard to the retention of records relating to employees. The school may also retain the data relating to an individual for a longer length of time for the purposes of complying with relevant provisions of law and or/defending a claim under employment legislation and/or contract and/or civil law. The school may also retain the data beyond the normal periods listed in the schedule for archiving purposes to accurately record the history of the school.
- To keep personal data safe and secure: Only those with a genuine reason for doing so may gain access to the information. Sensitive personal data is securely stored under lock and key in the case of manual records, and protected with firewall software and password protection in the case of electronically stored data. Portable devices storing personal data (such as laptops) will be encrypted and password protected before they are removed from the school premises.

Scope

Purpose of the policy: the GDPR applies to the keeping and processing of personal data, in both manual and electronic form. The purpose of this policy is to assist the school to meet its statutory obligations, to explain those obligations to school staff, and to inform staff, students, parents/guardians, Board and Committee members and other data subjects how their data will be treated.

The policy applies to all school staff, the Board of Management, parents/guardians, students and other data subjects (including prospective or potential students and their parents/guardians, and applicants for staff positions within the school) insofar as the school handles or processes their personal data in the course of their dealings with the school.

Definition of data protection terms

In order to understand the school's obligations properly, there are some key terms which should be understood by all relevant school staff:

Data means information in a form that can be processed. It includes both automated data (e.g. electronic data) and manual data. Automated data means any information on computer, or information recorded with the intention that it be processed by computer. Manual data means information that is kept/recorded as part of a relevant filing system or with the intention that it form part of a relevant filing system.

Relevant filing system means any set of information that, while not computerised, is structured by reference to individuals or by reference to criteria relating to individuals, so that specific information relating to a particular individual is readily, quickly and easily accessible.

Personal data means data relating to a living individual who is or can be identified either from the data or from the data in conjunction with other information that is in, or is likely to come into, the possession of the Data Controller i.e. the school.

Sensitive personal data refers to personal data regarding a person's:

- racial or ethnic origin
- political opinions
- religious or philosophical beliefs
- trade union membership
- genetic data
- biometric data
- health data
- data concerning a natural person's sex life or sexual orientation

The Data Controller for the purpose of this policy is the Board of Management, Lycée Français d'Irlande, Roebuck Road, Dublin.

Processing: means any operation or set of operations which is performed on personal data or on sets of personal data.

Consent: means any freely given, specific, informed and unambiguous indication of the data subject's wishes by which he or she, by a statement or by a clear affirmative action, signifies agreement to the processing of personal data relating to him or her.

Rationale

In addition to its legal obligations under the broad remit of educational legislation, the school has a legal responsibility to comply with the **GDPR**.

This policy explains what sort of data is collected, why it is collected, for how long it will be stored and with whom it will be shared. As more and more data is generated electronically and as technological advances enable the easy distribution and retention of this data, the challenge of meeting the school's legal responsibilities has increased.

The school takes its responsibilities under data protection law very seriously and wishes to put in place safe practices to safeguard individuals' personal data. It is also recognised that recording factual information accurately and storing it safely facilitates an evaluation of the information, enabling the Principal and Board of Management to make decisions in respect of the efficient running of the school. The efficient handling of data is also essential to ensure that there is consistency and continuity where there are changes of personnel within the school and Board of Management.

Relationship to characteristic spirit of the school (school's mission/vision/aims)

Lycée Français d'Irlande seeks to:

- enable students to develop their full potential
- provide a safe and secure environment for learning
- promote respect for the diversity of values, beliefs, traditions, languages and ways of life in society.

We aim to achieve these goals while respecting the privacy and data protection rights of students, staff, parents/guardians and others who interact with us.

- (e) **Lawful basis for processing:** The performance of a contract

II. CCTV images/recordings

- (a) **Categories:** CCTV is installed in Lycée Français d'Irlande, Roebuck Road, Dublin at the school entrance, in the parking area, in stairwells and in corridors, and in Lycée Français d'Irlande, Foxrock, Dublin in the yard and the parking area (see our CCTV Policy). These CCTV systems may record images of staff, students and members of the public who visit the premises.
- (b) **Purposes:** Safety and security of staff, students and visitors and to safeguard school property and equipment.
- (c) **Location:** Cameras are located externally and internally as detailed in the CCTV Policy.
- (d) **Security:** CCTV recordings in the secondary school are stored and processed by St. Kilian's Deutsche Schule under a Data Processing Agreement. CCTV records in the primary school are

securely stored on the premises. See our CCTV Policy for further details on security and retention and access.

- (e) **Lawful basis for processing:** Legitimate interest.

III. Examination results

- (a) **Categories:** The school will hold data comprising examination results in respect of its students. These include class, mid-term, annual, continuous assessment and other examinations results.
- (b) **Purposes:** The main purpose for which these examination results and other records are held is to monitor a student's progress and to provide a sound basis for advising them and their parents or guardians about subject choices and levels. The data may also be aggregated for statistical/reporting purposes, such as to compile results tables. The data is transferred to the AEFE.
- (c) **Location:** In a secure, locked filing cabinet that only personnel who are authorised to use the data can access. Employees are required to maintain the confidentiality of any data to which they have access.
- (d) **Security:** Records are kept in both manual and computer format. Manual files are kept in filing cabinets in locked rooms. Computer data is password protected with firewall software.

Processing in line with data subject's rights

Data in the school will be processed in line with the data subjects' rights. Articles 12 to 23 of the GDPR relate to the rights of the data subject including:

The right to have personal information processed in a concise, transparent, intelligible and easily accessible form, using clear and plain language

- Procedures are in place to ensure that all persons from whom personal data is obtained are made aware of the processing carried out by Lycée Français d'Irlande, Roebuck Road, Dublin and that all information relating to such processing is provided in clear and plain language.
- Recital 58 of the GDPR states that "*Given that children merit specific protection, any information and communication, where processing is addressed to a child, should be in such a clear and plain language that the child can easily understand.*" We ensure that we adhere to this recital.
- Personal information is processed fairly in accordance with the GDPR, with consent being obtained from staff members, parents/guardians or students, where required.
- Sensitive personal information is processed fairly in accordance with the GDPR, with explicit consent being obtained from parents/guardians or students, where required.
- Consent is sought for the use of images and videos where students are participating in school activities or events. Pupils who do not have consent will not be excluded from any school activities. However, we reserve the right to blur the faces of students for whom we do not have appropriate consent if they are captured as part of a group of children who have been given the appropriate consent. We will ensure that children for whom we do not have the appropriate consent will not be identifiable.

The right to be informed

- We ensure that all individuals from whom data is collected are made aware of what data we are using and why and for what purpose we are using it, as well as informing them of the details of any third parties in receipt of their data.
- School management is aware of the different sets of data which are kept and the specific purpose of each.

The right of access

All individuals are entitled to a copy of all the data the school holds about them. Individuals on whom the school keeps personal data are entitled:

- to a copy of the data kept about them
- to know the purpose/s for processing their data
- to know the identity of those to whom the data is disclosed
- to know the source of the data, unless it is contrary to public interest
- to know the logic involved in automated decisions
- to a copy of any data held in the form of opinions, except where such opinions were given in confidence.

To make an access request, individuals must:

- apply in writing
- provide relevant identification
- give any details which might be needed to help identify them and locate all the information kept about them

Individuals have the right to lodge a complaint with the Data Protection Commissioner if they feel their rights are being infringed in some way by the school in its processing activities.

The right of rectification

- If Lycée Français d'Irlande holds data about an individual that is incorrect, then that individual has the right to have that data corrected.

The right to erasure (or the right to be forgotten)

- This means that individuals have the right to request the erasure of their personal data. However, in many cases, the school will have overriding legitimate grounds for continued processing and will be unable to comply with such a request. This will be handled on a case by case basis.

The right to restrict processing

- This means that individuals can ask the school to stop using their data and the school must comply unless we have an overriding legitimate lawful purpose for continuing to process the data. This will be handled on a case by case basis.

The right to data portability

- This means that individuals have the right to move their data to another processor (in this case, another school) and we must comply with this request.

The right to object

- Any person whose data is processed by the school has the right to object to further processing and we must comply unless we have an overriding legitimate reason to continue processing. This will be handled on a case by case basis.

Dealing with a data access requests

Under Article 15 of the GDPR, individuals have the right to be informed whether the school holds data/information about them and to be given a description of the data together with details of the purposes for which their data is being kept. They must make this request in writing and the Data Controller will accede to the request within one month, having first verified the identity of the requester to ensure the request is legitimate.

Some points to note regarding access requests:

- Individuals are entitled to a copy of their personal data
- Requests must be responded to within one month
- Where a subsequent or similar request is made soon after a request has just been dealt with, it is at the discretion of the school as Data Controller to comply with the second request. This will be determined on a case-by-case basis.
- No personal data can be supplied relating to another individual unless that third party has consented to the disclosure of their data to the applicant. Data will be carefully redacted to omit references to any other individual and only where it has not been possible to redact the data to ensure that the third party is not identifiable will the school refuse to furnish the data to the applicant.

For full details on making an access request, please refer to the school's Data Access Request Procedure document on our website and download the Data Access Request Form there. We would ask all requesters to complete this form, though it is not mandatory.

Handling access requests

On production of a written request and relevant identification, access will be granted to personal data. There is a procedure in place to record the outcome of any legal proceedings which may limit the right of one or both parents to access information about their child.

Note: If spouses are separated and one of them has obtained an order for custody but both of them remain guardians, then both of them are entitled to be involved in important decisions which affect the child.

A clear co-ordinated procedure is in place to ensure that all relevant manual files and computers are checked for the data in respect of which the access request is made, provided that there is no overriding legitimate purpose which will prevent the school from complying with such a request.

Access requests by students

Students aged 18 and over are entitled to access their personal information in accordance with the GDPR.

Students under 18 years of age can be given access to their personal information, depending on the age of the student and the nature of the record:

- if the information is ordinary, routine or non-controversial (e.g. a record of a test result) the student could readily be given access
- consent is sought through the guidance service if the record is of a sensitive nature
- parental/guardian consent is sought if the student has some disability or medical condition that would impair his or her ability to understand the information or if disclosure would be likely to be harmful to the individual concerned

Exceptions to note:

Data protection regulations prohibit the supply of:

- health data to a patient in response to a request for access if that would cause serious harm to his or her physical or mental health. The regulations also provide that such data is to be communicated only by, or after consultation with, an appropriate health professional, normally the patient's own doctor.
- Personal data obtained in the course of carrying out social work if that would cause serious harm to the health or emotional condition of the data subject concerned.

Data Breaches

Article 4(12) GDPR defines a 'personal data breach' as:

"a breach of security leading to the accidental or unlawful destruction, loss, alteration, unauthorised disclosure of, or access to, personal data transmitted, stored or otherwise processed".

The school may suffer a breach for a number of reasons including:

- the disclosure of confidential data to unauthorised individuals;
- improper disposal of documents;
- loss or theft of data or equipment on which data is kept;
- loss or theft of paper records;
- inappropriate access controls allowing unauthorised use of information;
- suspected breach of the school's IT security;
- attempts to gain unauthorised access to computer systems, e.g. malicious hacking;
- viruses or other security attacks on the school's IT systems or networks;
- breaches of physical security;
- breaches as a result of third-party breach;
- confidential information left unlocked in accessible areas; and
- emails containing personal or sensitive information sent in error to the wrong recipient.

Staff are trained to recognise a breach and are instructed to inform the Privacy Coordinator immediately if they suspect a breach has occurred.

The school has a Personal Data Breach Procedure in place which will be followed by the relevant staff members in the event of a breach's being reported either internally or by a third-party processor.

Providing information over the phone

In our school, any employee dealing with telephone enquiries should be careful about disclosing any personal information held by the school over the phone. In particular the employee should:

- Check the identity of the caller to ensure that information is only given to a person who is entitled to that information
- Suggest that the caller put their request in writing if the employee is not sure about the identity of the caller and in circumstances where the identity of the caller cannot be verified
- Refer the request to the Principal for assistance in difficult situations. No employee should feel forced into disclosing personal information.

Data transfers and data sharing

We do not sell any personal information, nor do we share it with unaffiliated third parties unless we are required to do so by law.

Ways in which we may share your personal information with external bodies or organisations or other third parties include:

- To engage the professional services of third parties, such as our accountants, solicitors or other business advisers. Any such parties are bound by confidentiality;
- With our insurers or assessors when providing or reviewing information in the event of an incident occurring;
- To furnish documentation/ information to TUSLA in cases where we deem this necessary;
- To report to law enforcement any activities that we, in good faith, believe to be illegal;
- To provide information to An Garda Síochána or other government bodies or agencies when required to do so by law;
- To ensure the security of our IT systems in order to protect the data we hold;
- To meet the educational needs of our students where tuition is provided by another school, currently St.Kilian's Deutsche Schule, Roebuck Road, Dublin 14. The sharing of personal information between schools is done under a data sharing agreement to ensure adequate levels of protection in compliance with the GDPR; and
- With the *Agence pour l'enseignement français à l'étranger* (AEFE) under a confidentiality agreement.

Implementation arrangements, roles and responsibilities

In our school the Board of Management is the Data Controller and the Principal will be assigned the role of co-ordinating implementation of this Data Protection Policy together with the Privacy Coordinator, and of ensuring that staff who handle or have access to personal data are familiar with their data protection responsibilities.

The following personnel have responsibility for implementing the Data Protection Policy:

Name	Responsibility
Board of Management:	Data Controller
Principal:	Implementation of policy
Privacy Coordinator:	Handle any data protection queries from data subjects
Teaching personnel:	Awareness of responsibilities
Administrative personnel:	Security, confidentiality
IT personnel:	Security, encryption, confidentiality

Ratification and communication

When the Data Protection Policy has been ratified by the Board of Management, it becomes the school's agreed Data Protection Policy. It should then be dated and circulated within the school community. The entire staff must be familiar with the Data Protection Policy and ready to put it into practice in accordance with the specified implementation arrangements. It is important that everyone concerned be made aware of any changes implied in recording information on students, staff and others in the school community.

Parents/guardians and students should be informed of the Data Protection Policy from the time of enrolment of the student e.g. by including the Data Protection Policy as part of an enrolment pack, by either enclosing it or incorporating it as an appendix to the enrolment form.

Monitoring the implementation of the policy

The implementation of the policy shall be monitored by the Principal and the Privacy Coordinator.

At least one annual report should be issued to the Board of Management to confirm that the actions/measures set down under the policy are being implemented.

Reviewing and evaluating the policy

The policy should be reviewed and evaluated by the Board of Management annually and as necessary. On-going review and evaluation should take cognisance of changing information or guidelines (e.g. from the Data Protection Commissioner), legislation and feedback from parents/guardians, students, school staff and others. The policy should be revised as necessary in the light of such review and evaluation and within the framework of school planning.
